

Connected Mathematics 2 TM

Meeting the Common Core State Standards with *Connected Mathematics 2*

- The Common Core State Standards (CCSS) articulate Standards of Mathematical Practices that have been central to the development of the *Connected Mathematics Project (CMP)* materials from their inception.
- *CMP2* focuses on developing mathematical situations that give students opportunities to develop mathematical proficiency through the development of these mathematical practices as they work through the problem situations in the *CMP2* program.
- As a whole, the *CMP2* curriculum covers all of the grades 6–8 Common Core State Standards. Additional Common Core State Standards investigations are available at each grade level to ensure exact grade level alignment.
 - Delivered in print and online at www.PearsonSuccessNet.com
 - Available for Back-to-School 2011
- The CCSS Overview and Implementation Guide offers support for understanding, addressing, pacing and teaching the CCSS.
- Updated *CMP2* Benchmark Tests for cumulative assessment of CCSS will be available online within Success Tracker™.
- CCSS technology updates will be available for Exam View® and Lesson View.
